SERENITY

Elevates living

At Azure, design becomes an experience. Rising 40 stories above Marjan Island, every line of the tower is drawn to the horizon, framing endless sea views and open skies.

Guided by clarity and flow, the glass invites natural light, verticality enhances perspective, and materials evoke timeless calm. Each residence is a sanctuary, balancing privacy with openness, elegance with simplicity.

***Here, design is purposeful;
Shaping spaces that elevate daily living, inspire connection, and reflect the quiet rhythm of sea, sky, and home.***

A modern interior space with a large, curved wall made of vertical wood slats. Two women are sitting on a light-colored sofa in the foreground. To the right, there is a large, circular water feature with a glass railing. A small potted tree is placed between the sofa and the water feature. Several pendant lights with oval-shaped shades hang from the ceiling. The overall atmosphere is sophisticated and contemporary.
